VCube

01/2025 - 01/2025 Remote

Company specializing in cloud computing

- Participated in a 4-week hands-on virtual internship program on AWS/Azure

EDUCATION

Bachelor of Technology

CMR Engineering College

08/2022 - 06/2026 Hyderabad, India

Intermediate

Velocity Junior College

06/2020 - 05/2022 Khammam, India

Secondary School

Government High School

06/2019 - 05/2020 Khammam, India

LANGUAGES

Telugu

Native

English

Proficient

KEY ACHIEVEMENTS

Academic Excellence and Project Development

Achieved a CGPA of 8.60 in my current degree and developed various hands-on projects demonstrating practical skills

SKILLS

Arduino

AWS

AWS Cloud

Azure

C/C++

GitHub

Linux

Unix Shell Scripting

Microsoft Excel

Microsoft Office

Microsoft Power BI

Python

RDBMS

Video Editing

Visual Studio

Visual Studio Code

Gmail

Python Basics

PROJECTS

Earthquake Detector Using Arduino

01/2023 - 06/2023 Remote

An Arduino-based earthquake detection system

- Developed and programmed an Arduino-based system to detect vibrations and trigger alerts for earthquake monitoring

Gesture_Based Volume Control

01/2023 - 06/2023 Remote

A system to control volume using hand gestures

- Controlled system volume via hand gestures using Python, Open-CV, Media Pipe

Number Game

01/2023 - 06/2023 Remote

A set of simple games developed in Python

- Created simple games using Python to demonstrate proficiency in basic game development

INTERESTS

Gaming and Learning

Enjoys playing games and exploring new learning opportunities

Photography and Video Editing

Engaged in photography and video editing as creative outlets

Traveling

Passionate about traveling to new places
